## APPLYING FOR TEACHING OR STAFF EXCHANGE

### 3 STEPS TO THE EXCHANGE PROGRAM

step 1

Make sure your university has signed a contract with CUAS in the area of teaching or staff mobility. Contact your international office in order to get more information about the exchange program.

step 2

Send your CV and a short information about your areas of interest and the departments you would like to visit as well as possible dates of your arrival at CUAS to [international@cuas.at](mailto:international@cuas.at)

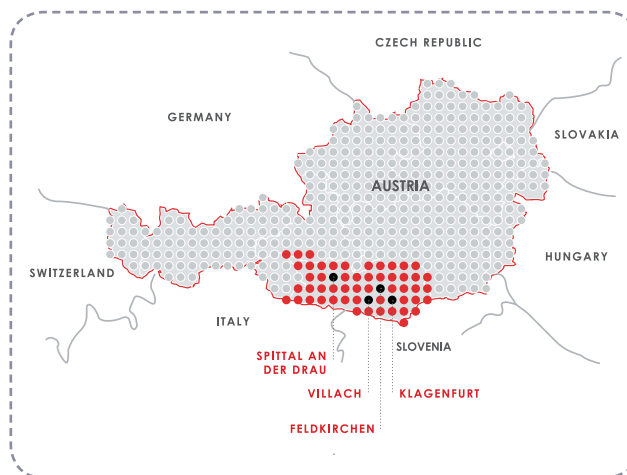

step 3

As soon as you get the final date from CUAS please confirm your arrival date.

### DEADLINES

There are no deadlines for teaching and staff exchange. However please note that the most suitable time to visit us would be between November and June.

## HOW TO REACH US

### AIR

To get to Carinthia by air it is best to fly into Klagenfurt (good connections from Vienna and Germany). Alternatively after flying into Salzburg there are good train connections to Carinthia. The Alpen-Adria Airport Klagenfurt is situated approximately 4 km from the city centre of Klagenfurt. The train station „Annabichl“ is about 700m away from the airport. From there you can take a train to Villach and Spittal or to the main train station in Klagenfurt.

### RAIL

Austria's national rail network is very well developed. All our campuses are reachable by rail, for example from Vienna or Munich. More details can be found on [www.oebb.at](http://www.oebb.at). The tickets are available at ticket machines or ticket offices at the station.

### BUS

Bus connections between towns are usually not as good as train connections. In some cases however – ie between Villach and Feldkirchen – using buses might be an option. The bus stations are located near the main train stations. In order to reach the CUAS campus in Villach it is recommended to take the bus number 3 from the main train station in Villach to the bus stop „Sankt Magdalen“. The other CUAS campuses are situated within a 10 minutes walking distance from the local main train stations.

### CAR

Klagenfurt is situated at the traffic junction of the southern route A2 (Vienna–Rome) and the Tauern axis (direction Germany, Switzerland and Slovenia). Spittal an der Drau lies on the A10 motorway between Salzburg and Villach. For Feldkirchen, take Route 94 from Villach or Route 95 from Klagenfurt.
